RESIDENTIAL SERVICES OVERVIEW

Glenkirk Residential Services offer individuals an array of supports to live in the community as independently as possible. Services take place in a variety of residential settings - from the family home to small, group living arrangements to semi-independent settings.

Community Integrated Living Arrangements (CILAs) provide the highest level of community integration, while offering a wide range of supports and services individually customized for each resident. Glenkirk CILAs provide a structured but family-like environment where residents choose their roommates, make their own meals, shop for groceries and participate in community activities.
